The College Anthem

◀ The College Anthem is a beautiful presentation of the College Motto and Mission through the elegant melody and lyrics. It is jointly created by Professor Victor W.K. Chan (陳偉光教授) from the Department of Music, and Dr. Sam C.L. Chan (陳澤薈博士) formerly from the Department of Cultural and Religious Studies.

The College Emblem

伍宜孫書院
WU YEE SUN COLLEGE

Dr. Wu Yee Sun, the founder of Wing Lung Bank, cultivated a keen interest in the art of penjing (盆景) and won the accolade of the 'Sage of Penjing' (盆聖). The college emblem is characterized by a bonsai of pine tree. Pine tree endures cold in winter, here it is likened to the indomitable spirit of perseverance and the College's mission to nurture the future generation. The emblem resembles a jade pendant with ornate carve hinting the humble and receptive attitude of a gentleman.

The Sunny College

The Sunny College

The publicity name of Wu Yee Sun College is 'The Sunny College': half word-play on Dr. Wu's name and half the College vision. May the College and its members radiate positive energy and be a passionate force that makes the world a better place.

Passionately (♩ = ca. 80)

Course details:

This course consists of four major components:

1. Our Roles for a Sustainable Future

How can we lead a good life in a just society? How can individual actions affect events at a global scale? These are the questions every student should ask and take seriously. We will explore them through the United Nation's 17 Sustainable Development Goals (SDG) in this section of the course.

2. Sustainable Development for Our Future

This section of the course seeks to help students to think about what their future is going to be like if humanity continues business-as-usual. Selected issues that critically impact the future of our planet will be discussed. In-depth discussion on the issues, including responses from various sectors of the society around the world, will be guided by the SDG Framework.

3. Sustainable Development of Cities and Communities to Ensure Good Health and Well-being

This section of the course enhances students' knowledge on impact of urban development on health and well-being by making use of concept of Healthy City to illustrate socio-economic and political determinants of health. It aims to broaden the students' concept of health and well-being to address issues of sustainable urban development. This section focuses on 2 key SDG's, Good Health and Well-being (SDG 3) and Sustainable Cities and Communities (SDG 11). Other determinants for health and well-being, such as reduction of poverty (SDG 1) and reduction of inequality (SDG 10), and health justice (SDG 16), will also be discussed.

4. Creativity and Design Thinking for a Sustainable Future

This section of the course examines the topic of creativity and design thinking. The key question to be discussed is how we can put design creativity to good use in our everyday life as well as in projects that we choose to pursue to create a world of peace and prosperity.

12. House of Sunny Living

The establishment of “House of Sunny Living” is Wu Yee Sun College’s initiative for promotion of healthy living style. It aims to transform our students into a **positive and radiating energy force to make the world a better place**. Our whole person approach starts with helping students to **discover their passions, dreams and sense of purpose in life** so that they can **form their own identity** and develop **a character of integrity and perseverance**.

The House adopts a holistic three-pronged community approach by integrating three dimensions of “health and spiritual well-being”, “sports for life” and “go green and lead the society” to target the well-being of the body, mind and spirit of our students and encourage their contributions to the environment and society.

Health and Spiritual Well-being

Relaxation workshops such as zendala workshop and mindfulness practice designed for strengthening and training for mind and body can be found here. You can also learn to eat wisely through joining our healthy cooking class.

16. Student Pastoral Care

It is not uncommon for freshmen like all of you to encounter various academic, emotional, interpersonal or family concerns and difficulties as you adjust to university life or pursue personal growth. You may wish to know the below ways that you can seek support or advice from the College and the University when you face problems:

- 1) You are welcome to speak with our **College Dean of Students, Associate Deans of Students and Wardens** when you have problems that need resolving.
- 2) You may also approach the University's **Student Wellness and Counseling Centre** at **3943 7208** for help.
- 3) A **24-hour Emotional Support Hotline** at **5400 2055** is launched to assist all CUHK full-time students in need of emotional help. The hotline is operated by trained counsellors from Christian Family Service Centre which offers telephone counselling and crisis interventions. You are welcome to call when facing emotional distress and critical situations.
- 4) (Chinese Only) **賽馬會心導遊計劃**提供網上自助心理支援平台, 同學可登記成為會員, 進行簡單的心理健康評估。平台會根據評每個人的個別需要而建議合適的課程或服務。只要每日抽少少時間參與平台上的課程, 就可以隨時隨地提升自己的心理健康。
- 5) **Sunshine at CUHK Campaign** aims to foster an atmosphere of warmth and mutual care on campus. Under the campaign, all CUHK members are invited to become "CU Angels" by hanging out a sign to tell the students around them that they are willing and ready to listen to their troubles.

You may visit our [College website](#) for more information as well.
